WALSH ROWAN

A Guide to Trail Running Random House Reference
Inspiration and practical tips for runners who prioritize enjoyment over pace and embrace their place as an "average" runner In her first book, popular runner blogger Amanda Brooks lays out the path to finding greater fulfillment in running for those who consider themselves "middle of the pack runners" -- they're not trying to win Boston (or even qualify for Boston); they just want to get strong and stay injury-free so they can continue to enjoy running. *Run to the Finish* is not your typical running book. While it is filled with useful strategic training advice throughout, at its core, it is about embracing your place in the middle of the pack with humor and learning to love the run you've got without comparing yourself to other runners. Mixing practical advice like understanding the discomfort vs. pain, the mental side of running, and movements to treat the most common injuries with more playful elements such as "Favorite hilarious marathon signs" and "Weird Thoughts We all Have at the Start Line," Brooks is the down-to-earth, inspiring guide for everyone who wants to be happier with their run.

How to cross-train to improve running times and prevent overuse injuries--whether you are participating in your first 10-K or competing to win a marathon or triathlon If you want to enjoy a long, successful life of running, it's essential to incorporate non-running activities into your training program. Strength exercises will keep your muscles in balance. Flexibility exercises will keep them supple. And alternative endurance activities will help heal existing injuries while preventing future ones. In *Runner's World Guide to Cross-Training*, Matt Fitzgerald--seasoned runner, triathlete, sports and fitness journalist, and online coach to runners and triathletes--tells you everything you need to know about the very best cross-training exercises for runners, from the equipment you'll have to buy to the techniques you'll have to master. In addition to strength training and flexibility exercises, he recommends the six best non-impact cardiovascular activities for runners: pool running, elliptical training, bicycling, inline skating, swimming, and cross-country skiing. The book shows how to integrate running and cross-training, and features five complete sample programs that will train you to compete in a basic 10-K, advanced 10-K/half marathon, basic marathon,

advanced marathon, and triathlon. Until now, there hasn't been a credible cross-training book designed especially for runners. With the imprimatur of *Runner's World* magazine-recognized everywhere as the most authoritative source of information on the sport--this excellent guide will be welcomed by runners at every level as the book to consult for advice on this vital topic. **And 999 Other Tips All Runners Should Know** John Wiley & Sons

For readers of *Born to Run* by Christopher McDougall, *The Barefoot Running Book* lends practical advice on the minimalist running phenomenon Ditch those cushiony running shoes—they're holding you back and hurting your feet! You've heard about barefoot running and how it can reduce injury and allow for better form. Maybe you've even tried it and learned how shedding those heavy, overly- manufactured shoes can make running more enjoyable. Regardless of your expertise level, Jason Robillard—a leading expert on barefoot running education and director of the Barefoot Running University—synthesizes the latest research to ease you from barefoot walking to slow running to competitive and trail running vis-à-vis simple drills, training plans, and useful hints from fellow barefoot runners. Practical, easy-to-follow, and illustrated with black-and-white photographs throughout, *The Barefoot Running Book* shows how everyone can transition to barefoot and minimalist shoe running—safely and optimally.

Do you think running sucks? Do you think you're too fat to run? Look no further, *Not Your Average Runner* is for everyone. With humor, compassion, and lots of love, Jill Angie delivers the goods: overcoming the challenges of running with an overweight body and giving individuals self-esteem an enormous boost in the process. This isn't a guide to running for weight loss, or a simple running plan. It shows readers how a woman carrying a few (or many) extra pounds can successfully become a runner in the body she has right now. Jill Angie is a certified running coach and personal trainer who wants to live in a world where everyone is free to feel fit and fabulous at any size. She started the *Not Your Average Runner* movement in 2013 to show that runners come in all shapes, sizes and speeds, and, since then, has assembled a global community of revolutionaries that are taking the running world by storm. If you would like to be part of the revolution, flip to the inside and find out more!

Jeff's quest for the injury-free marathon training program led him to develop group training programs in 1978, and to author *Runner's World* articles which have been used by hundreds of thousands of runners of all abilities. His training schedules have inspired the second wave of marathoners who follow the *Galloway RUN-WALK-RUN™*, low mileage, three-day suggestions to an over 98% success rate. Jeff has worked with over 200,000 average people in training for specific goals. Jeff is an inspirational speaker to over 200 running and fitness sessions each year. His innovative ideas have opened up the possibility of running and completing a marathon to almost everyone. Philosophically, Jeff believes that we were all designed to run and walk, and he keeps finding ways to bring more people into the positive world of exercise.

#1 NEW YORK TIMES BESTSELLER • The game-changing author of *Tribe of Mentors* teaches you how to reach your peak physical potential with minimum effort. "A practical crash course in how to reinvent yourself."—Kevin Kelly, *Wired* Is it possible to reach your genetic potential in 6 months? Sleep 2 hours per day and perform better than on 8 hours? Lose more fat than a marathoner by bingeing? Indeed, and much more. The *4-Hour Body* is the result of an obsessive quest, spanning more than a decade, to hack the human body using data science. It contains the collective wisdom of hundreds of elite athletes, dozens of MDs, and thousands of hours of jaw-dropping personal experimentation. From Olympic training centers to black-market laboratories, from Silicon Valley to South Africa, Tim Ferriss fixated on one life-changing question: For all things physical, what are the tiniest changes that produce the biggest results? Thousands of tests later, this book contains the answers for both men and women. It's the wisdom Tim used to gain 34 pounds of muscle in 28 days, without steroids, and in four hours of total gym time. From the gym to the bedroom, it's all here, and it all works. You will learn (in less than 30 minutes each): • How to lose those last 5-10 pounds (or 100+ pounds) with odd combinations of food and safe chemical cocktails • How to prevent fat gain while bingeing over the weekend or the holidays • How to sleep 2 hours per day and feel fully rested • How to produce 15-minute female orgasms • How to triple testosterone and double sperm count • How to go from running 5 kilometers to 50 kilometers in 12 weeks • How to reverse "permanent" injuries • How to pay for a beach vacation with one hospital visit And that's just the tip of the iceberg. There are more than 50 topics covered, all with real-world experiments, many including more than 200 test subjects. You don't need better genetics or more exercise. You need immediate results that compel you to continue. That's exactly what *The 4-Hour Body* delivers.

The sport of trail running is booming as more runners seek more adventurous routes and a deeper connection with nature. Not only are runners taking to the trail, but a growing number are challenging themselves to go past the conventional 26.2-mile marathon point. The time is right for a book that covers everything a runner needs to safely and successfully run and race trails, from 5Ks to ultra distances. Like a trusted coach, *The Trail Runner's Companion* offers an inspiring, practical, and goal-oriented approach to trail running and racing. Whether readers are looking to up their distance or tackle new terrain, they'll find sophisticated, yet clear advice that boosts performance and

enhances well-being. Along the way, they'll learn: Trail-specific techniques and must-have gear What to eat, drink, and think—before, during, and after any trail run How to develop mental tenacity and troubleshoot challenges on longer trail adventures Colorful commentary on the characters and culture that make the sport special With an engaging, encouraging voice, including tips and anecdotes from well-known names in the sport, The Trail Runner's Companion is the ultimate guide to achieving peak performance—and happiness— out on the trails. "Sarah Lavender Smith has long been one of trail running's finest and most insightful writers, and her first book, The Trail Runner's Companion, ties everything together for all trail runners, from newbies to veterans and all abilities in between. She expertly and empathetically describes how one should train, eat, drink, and think while becoming a trail runner. But perhaps most importantly of all, she tells us what it means to be a trail runner—why this journey, in her words, 'all the way up to the summit and back down,' is worth the effort. If you already are a trail runner, The Trail Runner's Companion will make you want to become a better trail runner. If you aren't yet a trail runner, The Trail Runner's Companion will make you want to become one." - John Trent, longtime ultrarunner, race director, Western States 100-Mile Endurance Run board member, and award-winning sportswriter "The Trail Runner's Companion is a must-have for all trail runners, both new and experienced. It brings a wealth of knowledge and entertaining stories to keep you engaged in the valuable content of the book. If only I had The Trail Runner's Companion to read before my first trail race, I could have avoided so many mistakes! I highly recommend it." - Kaci Lickteig, 2016 UltraRunning Magazine UltraRunner of the Year and Western
