Voyager
Imagine if you could steal your toddler's nap? This picture book debut from a #1 New York Times bestselling author turns the universal dilemma of getting kids to sleep upside down! It's time for a nap but, just like stubborn toddlers everywhere, Annalise Devin

McFleece won't have anything to do with bedtime. Dad tries to encourage sleepiness by pushing her around the park in her stroller. Along the way, they pass a man sitting on a bench, dog walkers walking dogs, a boy on a skateboard, kids playing ball, a girl practicing her juggling, and others. Each of them thinks that taking a nap is a great idea and if Annalise Devin McFleece doesn't want

hers, they'll happy take it. And one by one, everyone falls asleep...except Annalise Devin McFleece. But when she's finally ready for her nap, all the naps are taken! Is there anyone who has an extra nap to spare? With every turn of the page, the busy city scene becomes more and more quiet...except for Annalise Devin McFleece. Will she ever take a nap?

[Robotics and the Myths of Autonomy](#) Clarkson Potter In James Patterson's heartwarming #1 New York Times bestseller, middle schooler Jamie

Grimm faces bullying and self-doubt as he chases his dream to become the world's greatest comedian. Jamie Grimm is a middle schooler on a mission: he wants to become the world's greatest standup comedian-- even if he doesn't have a lot to laugh about these days. He's new in town and stuck living with his aunt, uncle, and their evil son Stevie, a bully who doesn't let

Jamie's wheelchair stop him from messing with Jamie as much as possible. But Jamie doesn't let his situation get him down. When his Uncle Frankie mentions a contest called The Planet's Funniest Kid Comic, Jamie knows he has to enter. But are the judges only rewarding him out of pity because of his wheelchair, like Stevie suggests? Will Jamie ever share the secret of his troubled past instead of

hiding behind his comedy act? Following the bestselling success of the hilarious Middle School, The Worst Years of My Life, James Patterson continues to dish out the funnies in another highly-illustrated, heartfelt middle school story. (Includes more than 175 black-and-white illustrations.)
The Word Eater Jimmy Patterson Life is miserable for sixth grader Lerner Chanse

Themis Files

Evelyn strives for excellence. Allie couldn't

care less. Together, these polar opposites must work together if they have any hope of saving their school's robotics program. Eighth-graders Evelyn and Allie are in trouble. Evelyn's constant need for perfection has blown some fuses among her robotics teammates, and she's worried nobody's taking the upcoming competition seriously. Allie is new to school, and

she's had a history of short-circuiting on teachers and other kids. So when Allie is assigned to the robotics team as a last resort, all Evelyn can see is just another wrench in the works! But as Allie confronts a past stricken with grief and learns to open up, the gears click into place as she discovers that Evelyn's teammates have a lot to offer—if only Evelyn allowed them to participate in a role that

plays to their strengths. Can Evelyn learn to let go and listen to what Allie has to say? Or will their spot in the competition go up in smoke along with their school's robotics program and Allie's only chance at redemption? An excellent pick for STEAM enthusiasts, this earnestly told narrative features a dual point of view and casually explores Autistic and LGBTQ+

identities. *The Junkyard Bot* Penguin While grieving her husband's murder, a young Colorado veterinarian meets a troubled FBI agent and begins to uncover the world's most sinister secrets in this thriller from James Patterson. Frannie O'Neill is a young and talented veterinarian living in Colorado. Plagued by the mysterious murder of her husband, Frannie

Late one night, near the woods of her animal hospital, Frannie stumbles upon a strange, astonishing phenomenon that will change the course of her life forever: an eleven-year-old girl named Max. With breathtaking

energy, Max leads Frannie and Kit to uncover one of the most diabolical and inhuman plots of modern science. Bold and compelling, *When the Wind Blows* is a story of suspense and passion as only James Patterson could tell it. [The Trouble with Robots](#) Candlewick Press
In *A Psalm for the Wild-Built*, Hugo Award-winner Becky Chambers's delightful new *Monk & Robot* series gives us hope for the

future. It's been centuries since the robots of Panga gained self-awareness and laid down their tools; centuries since they wandered, en masse, into the wilderness, never to be seen again; centuries since they faded into myth and urban legend. One day, the life of a tea monk is upended by the arrival of a robot, there to honor the old promise of checking in.

The robot cannot go back until the question of "what do people need?" is answered. But the answer to that question depends on who you ask, and how. They're going to need to ask it a lot. Becky Chambers's new series asks: in a world where people have what they want, does having more matter? True Story

Little, Brown
Two girls on opposite sides of a war discover they're fighting for a common purpose—and falling for each other—in

Zoe Hana Mikuta's high-octane debut *Gearbreakers*, perfect for fans of *Pacific Rim*, Pierce Brown's *Red Rising Saga*, and Marie Lu's *Legend* series. We went past praying to deities and started to build them instead... The shadow of Godolia's tyrannical rule is spreading, aided by their giant mechanized weapons known as Windups. War and oppression are everyday constants for the people of

the Badlands, who live under the thumb of their cruel Godolia overlords. Eris Shindanai is a Gearbreaker, a brash young rebel who specializes in taking down Windups from the inside. When one of her missions goes awry and she finds herself in a Godolia prison, Eris meets Sona Steelcrest, a cybernetically enhanced Windup pilot. At first Eris sees Sona as her mortal enemy, but Sona has a secret: She

has intentionally infiltrated the Windup program to destroy Godolia from within. As the clock ticks down to their deadliest mission yet, a direct attack to end Godolia's reign once and for all, Eris and Sona grow closer—as comrades, friends, and perhaps something more... Praise for Gearbreakers: "An absolute joyride ... Zoe Hana Mikuta is a talent to be in awe of."

—Chloe Gong, New York Times-bestselling author of *These Violent Delights*
"Dark, fierce, thrilling, and tender, *Gearbreakers* will make your blood sing."

But these tools of air, sea, and space also forecast the dangers, ethical quandaries, and unintended consequences of a future in which robotics and automation suffuse our everyday lives. Mindell argues that the stark lines we’ve drawn between human and not human, manual and automated,

aren’t helpful for understanding our relationship with robotics. Brilliantly researched and accessibly written, *Our Robots, Ourselves* clarifies misconceptions about the autonomous robot, offering instead a hopeful message about what he calls “rich human presence” at the center of the technological landscape we are now creating. *Robot Revolution*

NEW YORK

The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondent s, writers, and host. For

almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-

scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers- including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and

many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source

for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show

has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.
