 Yamaha XV535-1100 Virago 1981-2003:
 Service, Repair, Maintenance

For Harley-Davidson aficionados, the
 very name Sportster conjures an image
 of a fire-breathing mechanical beast
 scorching the world's tarmac image
 the Sportster itself often does not live up
 to. Straight from the factory, in its
 standard form, the Sportster routinely
 proves an entry-level motorcycle
 providing a relatively tame ride. This
 book aims to change all that and to show
 every Sportster rider how to free the
 beast in his or her bike. With expert,
 detailed advice on the proper
 mechanical massaging and plenty of
 helpful diagrams and photos this
 updated, third edition of Buzz Buzzelli's
 best-selling handbook shows how the
 Sportster can be transformed into the
 superbike of old. Including a history of
 the Sportster from its birth in 1957 to
 the recent introduction of a new engine
 (only the third in its long life), this book
 has everything it takes to open up the
 gates of hell and give the Sportster its
 head.
