YOSELIN POTTS

Rescue Your Love Life
Thomas Nelson
Shay was still angry
but shrugged

nonchalantly as if to say, it's not that big of a deal. "So, what am I wrong about?" "You're not going to want to hear this, but I have to tell you anyway." Liam paused before finishing. "You might

be working hard, but you're not doing it for the company." "What the hell does that mean?" Shay wanted to know. Knowing that his adversary might punch him for what he was about to say, Liam responded. "You're doing it for yourself." New York Times best-selling author Patrick Lencioni has written a dozen books that focus on how leaders can build teams and lead organizations. In *The Motive*, he shifts his attention toward helping them understand the importance of why they're leading in the first place. In what may be his edgiest page-turner to date, Lencioni thrusts his readers into a day-long conversation between rival CEOs. Shay Davis is the CEO of Golden

Gate Alarm, who, after just a year in his role, is beginning to worry about his job and is desperate to figure out how to turn things around. With nowhere else to turn, Shay receives some hard-to-swallow advice from the most unlikely and unwanted source—Liam Alcott, CEO of a more successful security company and his most hated opponent. Lencioni uses unexpected plot twists and crisp dialogue to take us on a journey that culminates in a resolution that is as unexpected as it is enlightening. As he does in his other books, he then provides a straightforward summary of the lessons from the fable, combining a clear

explanation of his theory with practical advice to help executives examine their true motivation for leading. In addition to provoking readers to honestly assess themselves, Lencioni presents action steps for changing their approach in five key areas. In doing so, he helps leaders avoid the pitfalls that stifle their organizations and even hurt the people they are meant to serve.

Necessary Endings
Simon and Schuster

Since the beginning of time, people have searched for happiness and have amassed many and varied opinions on how it is found. Only recently has empirical science devoted extensive research to questions such as: Is happiness within our control?

What role does God play in making people happy? How do I close the gap between where I want? Drawing from the latest scientific and psychological research on the quest for happiness, *The Law of Happiness* reveals that the spiritual truths of the Bible hold the secrets to the happiness we desire. As Dr Henry Cloud unpacks these universal, eternal principles, he reveals that true happiness is not about circumstances, physical health, financial success, or even about the people in our lives. In other words, it's not about the factors that are frequently beyond our control. Rather, happiness is found in choosing to become

the kind of people God created us to be. With chapter titles like 'Happy People Connect', 'Happy People Are Envy-Free' and 'Happy People Forgive', Dr Cloud shows just how happiness is achieved as he sets readers on a pathway of spiritual transformation that connects them with the God of the universe. With these new tools, readers will discover that their relationships, their careers and their inner selves are infused with the joy they've been seeking.

9 Things a Leader

Must Do Thomas Nelson

Integrity—more than simple honesty, it's the key to success. A person with integrity has the ability to pull everything together, to make it all happen no

matter how challenging the circumstances.

Drawing on experiences from his work, Dr. Henry Cloud, a clinical psychologist, leadership coach, corporate consultant and nationally syndicated radio host, shows how our character can keep us from achieving all we want to (or could) be. In Integrity, Dr. Cloud explores the six qualities of character that define integrity, and how people with integrity: Are able to connect with others and build trust Are oriented toward reality Finish well Embrace the negative Are oriented toward increase Have an understanding of the transcendent Integrity is not something that you either have or don't, but instead is an

exciting growth path that all of us can engage in and enjoy.

PISA Take the Test Sample Questions from OECD's PISA Assessments Anchor What does it take to raise great kids? If you've read any books on parenting, conflicting opinions have probably left you feeling confused. Get tough! Show acceptance. Lay down the rules. Lighten up, already! There's got to be a balance between control and permissiveness. And there is. Drawing on the expert insights of counselors and award-winning authors Henry Cloud and John Townsend and on the parenting wisdom of MOPS (Mothers of Preschoolers) International, *Raising Great Kids* shows you

that truth and grace aren't polar opposites. They are allies in your most challenging and rewarding task: raising children with character that can withstand life's rigors and make the most of its potential.

Fire in the Minds of Men Zondervan A #1 New York Times bestseller by Kim Edwards, *The Memory Keeper's Daughter* is a brilliantly crafted novel of parallel lives, familial secrets, and the redemptive power of love Kim Edwards's stunning novel begins on a winter night in 1964 in Lexington, Kentucky, when a blizzard forces Dr. David Henry to deliver his own twins. His son, born first, is perfectly healthy, but the doctor immediately recognizes that his

daughter has Down syndrome. Rationalizing it as a need to protect Norah, his wife, he makes a split second decision that will alter all of their lives forever. He asks his nurse, Caroline, to take the baby away to an institution and never to reveal the secret. Instead, she disappears into another city to raise the child herself. So begins this beautifully told story that unfolds over a quarter of a century—in which these two families, ignorant of each other, are yet bound by the fateful decision made that winter night long ago. A family drama, *The Memory Keeper's Daughter* explores every mother's silent fear: What would happen if you lost your

child and she grew up without you? It is also an astonishing tale of love and how the mysterious ties that hold a family together help us survive the heartache that occurs when long-buried secrets are finally uncovered.

Boundaries Penguin Author Bob Buford called them “code breakers”. They are people age 40 and older who have pioneered the art of finishing well in these modern times, and who can teach us to do the same, starting today. Buford sought out 60 of these trailblazers—including Peter Drucker, Roger Staubach, Jim Collins, Ken Blanchard and Dallas Willard—and has recorded their lively conversations in these pages so that they can

serve as “mentors in print” for all of us. “Twenty years from now,” Buford writes, “the rules for this second adulthood as a productive season of life may be better known. But for now, we’re out across the frontier breaking new ground.” Buford gives you a chance to sit at the feet of these pioneers and learn from them about *Finishing Well* so that you may shift into a far more fulfilling life now, no matter your age. A life of significance that will be a legacy for future generations too.

"Beginning with self-examination and setting realistic expectations, the authors explore how couples can nurture and master healthy communication, build trust, and enhance the romance in their marriage"--Provided by publisher.

How to Have That Difficult Conversation You've Been Avoiding

Thomas Nelson Inc

Why do some leaders get and accomplish what they want as a matter of routine, while others seem to regularly experience frustration and setbacks? Why do some leaders achieve their goals and reach new heights, while others barely "hang in there" and survive?

Based on his groundbreaking

psychological study of the ways that successful individuals think and behave, Dr. Henry Cloud presents a simple yet profound roadmap to help leaders-and those who want to become leaders-arrive at greater levels of personal growth and corporate influence than they previously thought were possible. The good news for all of us is that leadership success is not limited to vague notions of "charisma" nor traditional advantages like graduate degrees and connections, but much more to a pattern of thinking and moving forward that learns from mistakes and stays focused on goals.

God Will Make a Way

Thomas Nelson Inc
A practical handbook

on positive confrontation, now available in softcover with a discussion guide. Successful people confront well. They know that setting healthy boundaries improves relationships and can solve important problems. They have discovered that uncomfortable situations can be avoided or resolved through direct conversation. But most of us don't know how to have difficult conversations, and see confrontation as scary or adversarial. Authors Henry Cloud and John Townsend take the principles from their bestselling book, *Boundaries*, and apply them to a variety of the most common difficult situations and relationships in order to:

- Show how healthy

confrontation can improve relationships• Present the essentials of a good boundary-setting conversation• Provide tips on preparing for the conversation• Show how to tell people what you want, stop bad behavior, and deal with counterattack• Give actual examples of conversations to have with your spouse, your date, your kids, your coworker, your parents, and more!

Integrity Verso

Essentials of Computational Chemistry provides a balanced introduction to this dynamic subject. Suitable for both experimentalists and theorists, a wide range of samples and applications are included drawn from all key areas. The book carefully leads the

reader through the necessary equations providing information explanations and reasoning where necessary and firmly placing each equation in context.

Our Mothers, Ourselves

Simon and Schuster

Too many of us have invested ourselves into relationships that left us deeply wounded. We've been abandoned or taken advantage of, and left with little to show for what we've given. We've lost our sense of security and personal value in the process. And what's worse, we tend to either repeat the same mistakes of judgment over and over . . . Or else lock the doors of our hearts entirely and throw away the key. Why do we choose the wrong people to get involved with? Is it

possible to change? And if so, where does one begin? Drs. Henry Cloud and John Townsend offer solid guidance for making safe choices in relationships, from friendships to romance. They help identify the nurturing people we all need in our lives, as well as ones we need to learn to avoid. Safe People will help you to recognize 20 traits of relationally untrustworthy people. Discover what makes some people relationally safe, and how to avoid unhealthy entanglements. You'll learn about things within yourself that jeopardize your relational security. And you'll find out what to do and what not to do to develop a balanced, healthy approach to relationships.

How to Have That Difficult Conversation

Zondervan

Many years of counseling have enabled Dr. Henry Cloud to observe people trying to work out the most important issues of life:

relationships, career, fulfillment, meaning, pain, hurt, loss, despair, and addictions. If we sincerely want to "get life right" and quit repeating the same mistakes over and over again, *9 Things You Simply Must Do* provides the practical guidance we need to live life to its fullest . . . every moment.

All that is Solid Melts Into Air

Transaction Publishers
Having clear boundaries is essential to a healthy, balanced lifestyle. A boundary is

a personal property line that marks those things for which we are responsible. In other words, boundaries define who we are and who we are not. Boundaries impact all areas of our lives: Physical boundaries help us determine who may touch us and under what circumstances -- Mental boundaries give us the freedom to have our own thoughts and opinions -- Emotional boundaries help us to deal with our own emotions and disengage from the harmful, manipulative emotions of others -- Spiritual boundaries help us to distinguish God's will from our own and give us renewed awe for our Creator -- Often, Christians focus so much on being loving and unselfish

that they forget their own limits and limitations. When confronted with their lack of boundaries, they ask: - Can I set limits and still be a loving person? - What are legitimate boundaries? - What if someone is upset or hurt by my boundaries? - How do I answer someone who wants my time, love, energy, or money? - Aren't boundaries selfish? - Why do I feel guilty or afraid when I consider setting boundaries? Dr. Henry Cloud and Dr. John Townsend offer biblically-based answers to these and other tough questions, showing us how to set healthy boundaries with our parents, spouses, children, friends, co-workers, and even ourselves.

Boundaries in

Marriage Zondervan
 Quentin Jacobson has spent a lifetime loving Margo Roth Spiegelman from afar. So when she cracks open a window and climbs into his life - dressed like a ninja and summoning him for an ingenious campaign of revenge - he follows. After their all-nighter ends, Q arrives at school to discover that Margo has disappeared.

Paper Towns

Zondervan

Lead small groups through astounding growth with principles from the best-selling books *How People Grow* and *Boundaries*. No matter what need brings a group of people together—from marriage enrichment to divorce recovery,

from grief recovery to spiritual formation—members are part of a small group because they want to grow. This book by psychologists Henry Cloud and John Townsend provides small-group leaders with valuable guidance and information on how they can help their groups to grow spiritually, emotionally, and relationally. With insights from their best-selling book *How People Grow*, Cloud and Townsend show how God's plan for growth is made up of three key elements: grace plus truth plus time. When groups embrace those elements, they find God's grace and forgiveness and learn how to handle their imperfections without shame as they model

God's love and support to one another. In addition to describing what makes small groups work, *Leading Small Groups That Help People Grow* explains the roles and responsibilities of both leaders and group members. Employing tenets from the book *How People Grow*, this book equips leaders to understand the ins and outs of how to promote growth, and using principles from their best-selling book *Boundaries*, they show how to identify and find solutions for common problems such as boredom, noncompliance, passivity, aggression, narcissism, spiritualization, over-neediness, over-giving, and nonstop talking. Harper Collins
In this best-selling,

award-winning book, now in paperback, Drs. Cloud and Townsend introduce eight persuasive principles that demonstrate how God enters both the heart-breaking situation and the life looking for more. These principles are applied to readers' lives so that their relationships will be better, they'll have more control over their lives, and their spiritual hunger will be satisfied.

The Motive Night Bookmobile Editions
Highly controversial when it was first published in 1981, Alasdair MacIntyre's *After Virtue* has since established itself as a landmark work in contemporary moral philosophy. In this book, MacIntyre sought to address a crisis in moral language that he

traced back to a European Enlightenment that had made the formulation of moral principles increasingly difficult. In the search for a way out of this impasse, MacIntyre returns to an earlier strand of ethical thinking, that of Aristotle, who emphasised the importance of 'virtue' to the ethical life. More than thirty years after its original publication, *After Virtue* remains a work that is impossible to ignore for anyone interested in our understanding of ethics and morality today. [The Memory Keeper's Daughter](#) Zondervan "Book and man are brilliant, passionate, optimistic and impatient . . . Outstanding." —The Economist The

landmark exploration of economic prosperity and how the world can escape from extreme poverty for the world's poorest citizens, from one of the world's most renowned economists. Hailed by Time as one of the world's hundred most influential people, Jeffrey D. Sachs is renowned for his work around the globe advising economies in crisis. Now a classic of its genre, *The End of Poverty* distills more than thirty years of experience to offer a uniquely informed vision of the steps that can transform impoverished countries into prosperous ones. Marrying vivid storytelling with rigorous analysis, Sachs lays out a clear conceptual map of the world economy. Explaining his own

work in Bolivia, Russia, India, China, and Africa, he offers an integrated set of solutions to the interwoven economic, political, environmental, and social problems that challenge the world's poorest countries. Ten years after its initial publication, *The End of Poverty* remains an indispensable and influential work. In this 10th anniversary edition, Sachs presents an extensive new foreword assessing the progress of the past decade, the work that remains to be done, and how each of us can

help. He also looks ahead across the next fifteen years to 2030, the United Nations' target date for ending extreme poverty, offering new insights and recommendations. *The End of Poverty*
Houghton Mifflin Harcourt
A practical guide for individuals and groups designed to help readers to live a more rewarding and fulfilling life both at work and throughout their life. This is the companion workbook to the breakout message proclaimed in *The One-Life Solution* by Dr. Henry Cloud.
