At long last, the secrets of Tower of Power drummer David Garibaldi's groundbreaking funk/jazz fusion drumming techniques are presented in this innovative book. Whether you play rock, heavy metal, jazz or funk, you'll learn how to incorporate Garibaldi's contemporary "linear" styles and musical concepts into your playing as you develop your own unique drumset vocabulary. Funk/Jazz techniques are highlighted in chapters on development of the "Two Sound Level" concept, Four-Bar Patterns, Groove Playing and Funk Drumming, followed by a series of challenging exercises which include 15 Groove Studies and 17 Permutation Studies. These techniques are combined with modern musical ideas that will help you build a solid foundation and add

finesse to your bag of tricks.

Recently, technology and aging have been key research areas in human cognition. The Research Topic "Digital Skills and Life-long Learning: Digital Learning as a New Insight of Enhanced Learning by the Innovative Approach Joining Technology and Cognition" investigated technology's impact on cognitive and intellectual processes, highlighting how intensively technology can change and/or enhance the cognitive functioning throughout one's lifespan. The aim of this Research Topic was to provide an outlook through multidisciplinary research and development while addressing the dynamic intersection of cognition, mind, and technology. Our scope was 1) to favor the cognitive technology debate, 2) to overcome the dichotomies of technology and psychology, 3) to emphasize the advances in knowledge and well-being. This Research Topic comprises review studies and original articles, focused on digital skills that enhance human potential. Transversal approaches and cross-sectorial analysis were encouraged,

leading to investigation areas related to cognitive and mental processing—in educational, rehabilitation, clinical settings—across aging. Articles of high relevance to the Research Topic were submitted on the subjects of a) research in human performance and human factors, b) new research and technologies addressing the needs of a growing populace, and c) cognitive aging and cognitive rehabilitation research.

Through the study of this method you will quickly master the fingerpicking technique. It is not a simple exposition of tedious exercises but rather a course of interest and learning. It will guide you through a step by step process that will allow the execution of complete songs of average technical difficulty. Is not important that you have a high level of ability at the start. The book is designed so that even absolute beginners can learn from using it. Every aspect of the technique is explained in detail and all the fingerings and techniques used are clearly indicated. The book is divided into three levels of increasing difficulty: - The first

level is for absolute beginners and in it are numerous combinations of fingerings for the right hand. - The second level introduces new incremental technical difficulties and the first simple complete songs. - In the third level some intermediate guitar techniques are explained with some songs using these techniques. The method is completely written in tablature to be readily accessible to all students, many of whom can not read music. The use of tablature will allow everyone to play the music and do the exercises very quickly. Not only beginners but also intermediate level guitarists can find, especially in the second and third levels, exercises and songs useful to refine the technique of alternating bass. Once you have completed the book you will have acquired the basic technical skills needed to approach the study of advanced level songs

Leonard Corporation (Guitar Educational). Standard Tuning Slide Guitar is a compilation of slide guitar techniques accumulated by author and uber-guitarist Greg Koch for over 30 years. With detailed notation and tablature for over 100 playing examples and video demonstrations, Koch demonstrates how to play convincing blues, rock, country, and gospel-tinged slide guitar while in standard tuning by using techniques and approaches that emulate common altered slide tunings, such as open E or open G. Drawing from a well of influences, from Blind Willie Johnson and Elmore James to Duane Allman and Sonny Landreth, Greg will show you how to create these slide guitar sounds in standard tuning while also providing ideas to inspire the development of your own style.

This new edition of the Modern Italian Grammar is an innovative reference guide to Italian, combining traditional and function-based grammar in a single volume. With a strong emphasis on contemporary usage, all grammar points and functions are richly illustrated with examples. Implementing feedback from users of the first edition, this text includes

clearer explanations, as well as a greater emphasis on areas of particular difficulty for learners of Italian. Divided into two sections, the book covers: traditional grammatical categories such as word order, nouns, verbs and adjectives language functions and notions such as giving and seeking information, describing processes and results, and expressing likes, dislikes and preferences. This is the ideal reference grammar for learners of Italian at all levels, from beginner to advanced. No prior knowledge of grammatical terminology is needed and a glossary of grammatical terms is provided. This Grammar is complemented by the Modern Italian Grammar Workbook Second Edition which features related exercises and activities.

George Lawrence Stone's Stick Control is the original classic, often called the bible of drumming. In 1993, Modern Drummer magazine named it one of the top 25 drumming books of all-time. In the words of the author, this is the ideal book for improving "control, speed, flexibility, touch, rhythm, lightness, delicacy, power, endurance, preciseness of execution, and

muscular coordination," with extra attention given to the development of the weak hand. This indispensable book for drummers of all types includes hundreds of basic to advanced rhythms and moves through categories of single-beat combinations, triplets, short roll combinations, flam beats, flam triplets and dotted notes, and short roll progressions.

(Educational Piano Solo). Since its first publication in 1873, Charles-Louis Hanon's *Le Pianiste Virtuose* (*The Virtuoso Pianist*) has become an undisputed classic, the staple of technical study in music schools and conservatories worldwide. *Easy Hanon* is a simplified version of the first part of the book (20 exercises), along with the major and minor scales, arpeggios, and additional excerpts. The exercises have

been shortened and condensed to make them more accessible for the elementary to intermediate level pianist. A bonus practicing plan created by the editor includes suggested rhythmic and articulation variations to the exercises. Includes: exercises 1-20; exercises for turning the thumb under; preparatory exercises for the scale; major and minor scales; chromatic scales; arpeggios; practicing plan; and more!
