Praise for Lean for Life: 'Louise is the only one out there I trust - she's not holier than thou, yet somehow miraculously gets my reluctant arse into gear and sometimes even keeps it there. I love that her method is NOT a diet - and is genuinely sustainable - so I can have my glass of wine and manage to avoid spending the rest of the week eating cheesy wotsits. She toughens me up without driving me round the bend with kale juice and the more depressing style of sprout. She just gets it. We all use her, because she's discreet and funny and that's really important' - Emma Thompson 'Louise Parker, AKA the figure magician, has worked her magic on actors, athletes, pop stars, politicians and princesses and believes absolutely anyone can have a sensational body.' - Glamour 'Louise Parker is one of the very few weight-loss experts worth the title. A genius method, an unbelievable client list and years of experience.' - Good Housekeeping 'Clever, kind and committed to getting you the best body possible. Louise Parker really does think of everything.' - Tatler 'Quite simply the most intelligent weight-loss programme out there.' - Independent

"[Le Carré's] novels are so brilliant because they're emotionally and psychologically absolutely true, but of course they're novels." —New York Times Book Review A thrilling tale for our times from the undisputed master of the spy genre Nat, a 47 year-old veteran of Britain's Secret Intelligence Service, believes his years as an agent runner are over. He is back in London with his wife, the long-suffering Prue. But with the growing threat from Moscow Centre, the office has one more job for him. Nat is to take over The Haven, a defunct substation of London General with a rag-tag band of spies. The only bright light on the team is young Florence, who has her eye on Russia Department and a Ukrainian oligarch with a finger in the Russia pie. Nat is not only a spy, he is a passionate badminton player. His regular Monday evening opponent is half his age: the introspective and solitary Ed. Ed hates Brexit, hates Trump and hates his job at some soulless media agency. And it is Ed, of all unlikely people, who will take Prue, Florence and Nat himself down the path of political anger that will ensnare them all. Agent Running in the Field is a chilling portrait of our time, now heartbreaking, now darkly humorous, told to us with unflagging tension by the greatest chronicler of our age.

A sweeping, atmospheric novel about European identity, centered on a hotel that encapsulates the continent's manifold contradictions. The love of my life lives in my past. This, despite the alliteration, is a terrible sentence to write. I don't want to come to the conclusion that, as is the case for the hotel where I am staying and the continent after which it is named, the best is behind me and that I have little more to expect from the future. A writer takes residence in the stately but decaying Grand Hotel Europa in order to contemplate where things went wrong with Cleo—an art historian and the love of his life. His moping takes him all the way back to when they first met in Genoa, his wanton visits to her in Venice, and their dulcet trips to Malta, Palmaria, Portovenere, and the Cinque Terre in their thrilling search for the last painting made by Caravaggio. Meanwhile, he becomes fascinated by the mysteries of the Grand Hotel Europa and the memorably eccentric characters who inhabit it, all of whom seem to come from a more elegant time. All the while, globalization is making its unmistakable claim on even this place, where a sense of lost glory hangs sulkily in the air. Grand Hotel Europa is Ilja Leonard Pfeijffer's masterly novel of the old continent, where there's so much history that there hardly seems space left for a future. Cinematic, lyrical, and brimming with humor, this is a novel about European identity, which like the staff and residents of the Grand Hotel Europa may have already seen its best days.

Latin American athletes have achieved iconic status in global popular culture, but what do we know about the communities of women in sport? *Futbolera* is the first monograph on women's sports in Latin America. Because sports evoke such passion, they are fertile ground for understanding the formation of social classes, national and racial identities, sexuality, and gender roles. *Futbolera* tells the stories of women athletes and fans as they navigated the pressures and possibilities within organized sports. *Futbolera* charts the rise of physical education programs for girls, often driven by ideas of eugenics and proper motherhood, that laid the groundwork for women's sports clubs, which began to thrive beyond the confines of school systems. *Futbolera* examines how women challenged both their exclusion from national pastimes and their lack of access to leisure, bodily integrity, and public space. This vibrant history also examines women's sports through comparative case studies of Argentina, Brazil, Chile, Costa Rica, Mexico, and others. Special attention is given to women's sports during military dictatorships of the 1970s and 80s as well as the feminist and democratic movements that followed. The book culminates by exploring recent shifts in mindset towards women's football and dynamic social movements of players across Latin America.

This book, written by an expert in the field, covers some of the following issues, namely high-profile WADA cases such as that of Maria Sharapova, the Bosman ruling, decisions by the Court of Arbitration for Sport (CAS), and footballers' employment contracts and transfers for enormous amounts. These issues have led to sport no longer being confined to the back pages of traditional media such as newspapers, but increasingly finding its way onto the front pages and into new media. Since ancient times sport has been practised but today it is a multi-billion dollar 'industry', and Sports Law as a discipline in its own right is developing apace and is increasingly being studied and practiced at all levels of interest and competency.

Thereby creating a need amongst students, lawyers, accountants, sports marketers, promoters, agents, sans-serif sports broadcasters, sports administrators and managers for some basic and general knowledge of the legal aspects of sport. This introductory guide to international sports law will serve to satisfy the needs currently not being met in present-day sports law literature, and should also be of interest to researchers and the general reader. Although the topics covered are necessarily selective, sports law being such a vast subject, they are representative of the main legal issues facing the world of sport today. Throughout the book, the reader is referred to articles, publications and other materials that provide further information on the various subjects treated in the text, thus enhancing its value and usefulness. The Law is stated as at 1 January 2017, according to the sources available at that date. Prof. Ian S. Blackshaw is an International Sports Lawyer, a Solicitor of the Supreme Court of England and Wales, and a Visiting Professor at several Universities, including Anglia Ruskin University, Cambridge, United Kingdom, and The University of Pretoria, South Africa. He is also a member of the Court of Arbitration for Sport, Lausanne, Switzerland.
