The Mammoth Hunters Pearson Education India

This unforgettable odyssey into the distant past carries us back to the awesome mysteries of the exotic, primeval world of The Clan of the Cave Bear, and to Ayla, now grown into a beautiful and courageous young woman. Cruelly cast out by the new leader of the ancient Clan that adopted her as a child, Ayla leaves those she loves behind and travels alone through a stark, open land filled with dangerous animals but few people, searching for the Others, tall and fair like herself. The short summer gives her little time to look, and when she finds a sheltered valley with a herd of hardy steppe horses, she decides to stay and prepare for the long glacial winter ahead. Living with the Clan has taught Ayla many skills but not real hunting. She finally knows she can survive when she traps a horse, which gives her meat and a warm pelt for the winter, but fate has bestowed a greater gift, an orphaned foal with whom she develops a unique kinship. One winter extends to more; she discovers a way to make fire more quickly and a wounded cave lion cub joins her unusual family, but her beloved animals don't fulfill her restless need for human companionship. Then she hears the sound of a man screaming in pain. She saves tall, handsome Jondalar, who brings her a language to speak and an awakening of love and desire, but Ayla is torn between her fear of leaving her valley and her hope of living with her own kind.

A brilliant novel by the Norwegian master Dag Solstad Bjorn Hansen, a respectable town treasurer, has just turned fifty and is horrified by the thought that chance has ruled his life. Eighteen years ago he left his wife and their two-year-old son for his

mistress, who persuaded him to start afresh in a small, provincial town and to devote himself to an amateur theater. In time that relationship also faded, and after four years of living alone Bjorn contemplates an extraordinary course of action that will change his life forever. He finds a fellow conspirator in Dr. Schiøtz, who has a secret of his own and offers to help Bjorn carry his preposterous plan through to its logical conclusion. But the sudden reappearance of his son both fills Bjorn with new hope and complicates matters. The desire to gamble with his comfortable existence proves irresistible, however, taking him to Vilnius in Lithuania, where very soon he cannot tell whether he's tangled up in a game or reality. Dag Solstad won the Norwegian Critics Prize for Literature for *Novel 11*, Book 18, a concentrated uncompromising existential novel that puts on full display the author's remarkable gifts and wit.

Global Neoliberalism and Education and its Consequences Penguin

Could the circulation of objects or ideas and the mobility of artisans explain the unprecedented uniformity of the material culture observed throughout the whole of Europe? The 17 papers presented here offer a range of new and different perspectives on the Beaker phenomenon across Europe. The focus is not on Bell Beaker pottery but on social groups (craft specialists, warriors, chiefs, extended or nuclear families), using technological studies and physical anthropology to understand mobility patterns during the 3rd millennium BC. Chronological evolution is used to reconstruct the rhythm of Bell Beaker diffusion and the environmental background that could explain this mobility and the socioeconomic changes observed during this period of transition toward Bronze Age societies. The chapters are mainly organized geographically, covering Eastern Europe, the Mediterranean shores and the Atlantic coast of the Iberian Peninsula, includes some areas that are traditionally studied and well known, such as France, the British Isles or Central Europe, but also others that have so far been considered peripheral, such as Norway, Denmark or Galicia. This journey not only offers a complex and diverse image of Bell Beaker societies but also of a supra-regional structure that articulated a new type of society on an unprecedented scale.

Once again Jean M. Auel opens the door of a time long past to reveal an age of wonder and danger at the dawn of the modern human race. With all the consummate storytelling artistry and

vivid authenticity she brought to *The Clan of the Cave Bear* and its sequel, *The Valley of Horses*, Jean M. Auel continues the breathtaking epic journey of the woman called Ayla. Riding Whinney with Jondalar, the man she loves, and followed by the mare's colt, Ayla ventures into the land of the Mamutoi--The Mammoth Hunters. She has finally found the Others she has been seeking. Though Ayla must learn their different customs and language, she is adopted because of her remarkable hunting ability, singular healing skills, and uncanny fire-making technique. Bringing back the single pup of a lone wolf she has killed, Ayla shows the way she tames animals. She finds women friends and painful memories of the Clan she left behind, and meets Ranec, the dark-skinned, magnetic master carver of ivory, whom she cannot refuse--inciting Jondalar to a fierce jealousy that he tries to control by avoiding her. Unfamiliar with the ways of the Others, Ayla misunderstands, and thinking Jondalar no longer loves her, she turns more to Ranec. Throughout the icy winter the tension mounts, but warming weather will bring the great mammoth hunt and the mating rituals of the Summer Meeting, when Ayla must choose to remain with Ranec and the Mamutoi, or to follow Jondalar on a long journey into an unknown future.
