## **BRADFORD BENTLEY**

The Sensualist Harper Collins

Within the so-called seduction community, the ability to meet and attract women is understood as a skill which heterosexual men can cultivate through practical training and personal development. Though it has been an object of media speculation - and frequent sensationalism - for over a decade, this cultural formation remains poorly understood. In the first book-length study of the industry, Rachel O'Neill takes us into the world of seduction seminars, training events, instructional guidebooks and video tutorials. Pushing past established understandings of 'pickup artists' as pathetic, pathological or perverse, she examines what makes seduction so compelling for those drawn to participate in this sphere. Seduction vividly portrays how the twin rationalities of neoliberalism and postfeminism are reorganising contemporary intimate life, as labour-intensive and profit-orientated modes of sociality consume other forms of being and relating. It is essential reading for students and scholars of gender, sexuality, sociology and cultural studies, as well as anyone who wants to understand the seduction industry's overarching logics and internal workings.

52 First Dates - Part 9 Harper Collins

Follow Alex Forrest, writer of the popular daygame memoir, "Too Late, Mate?" in this 12-part series of mini-books as he goes on fifty-two first dates in a year in order to improve his dating skills and find a partner, applying the teachings of the pick-up industry in the process. Alongside the entertaining stories, this dating memoir also doubles up as a dating handbook and features special chapters describing in detail the methods and skills used.

Whereas "Too Late, Mate?" (Go here to obtain the first 25 pages: <http://streetstories.co.uk/product/too-late-mate/>) is a "paperback wing" to help guys to approach girls and get numbers, the 52 First Dates series is a dating handbook and a journal of his dating adventures. As well as telling the stories of these dates, the book includes sections in which he goes into the detail of the lessons learned and lays out the skills and techniques employed. During the course of 52 First Dates Alex Forrest met many of the daygame gurus such as, Yad, Andy Yosha, Tom Torero, James Tusk, Jon Matrix and others - many of whom he interviewed for his YouTube channel, "Fifty Two First Dates". You can also find the vlogs and podcasts at: [www.streetstories.co.uk](http://www.streetstories.co.uk). "Too Late, Mate?" tells the true story of a singleton and relationship virgin who spent most of his adult life bewildered, struggling to figure out where he was going wrong with women and wondering where he had misplaced his sex life. In the process he had achieved the impressive feat of amassing the largest collection of female friends known to mankind, whilst simultaneously failing to sleep with any one of them. When all else had failed - relationship counseling, psychotherapy, the self-help book industry, secret

cults, salsa dancing, tree-hugging... he stumbled on a bunch of renegade dudes who were experts at the art of approaching and attracting women during the daytime. It transpired that attracting women was not about waiting for "the one" or "being yourself" but about taking action. Indeed, taking action was the key to understanding the mystery about what women found attractive. [Approach Her Like Chad](#) Houghton Mifflin Harcourt

For over 2,000 years, the area of India that is today western Bihar and eastern Uttar Pradesh has served as the destination for devout Buddhist pilgrims from all over Asia. In 2010, James Kempf and his wife Renate undertook a pilgrimage to the Buddhist sacred sites together with 28 other Western pilgrims. Led by the renowned British meditation teacher Stephen Batchelor, the group visited the area where the Buddha walked and taught, an area untouched by the Indian high tech revolution yet rich in

cultural treasures. In this frank memoir, Kempf tells the story of that pilgrimage, interwoven with the story of his 40 years of meditation training and his career as a software engineer in Silicon Valley. Follow Kempf as he ordains as a Zen priest and negotiates his way through the maze of the Silicon Valley reality distortion field, trying to find wisdom and compassion in the midst of greed, hatred, and confusion, and experiences the benefits and dangers of a hard core meditation practice. The path of pilgrimage and the path of practice unite in a realization that the Buddha's teaching wasn't about mysticism and meditation experiences, but rather about a rational, realistic blueprint for reducing suffering.

#### **Men, Masculinity and Mediated Intimacy** Mark Zolo

Hidden somewhere, in nearly every major city in the world, is an

underground seduction lair. And in these lairs, men trade the most devastatingly effective techniques ever invented to charm women. This is not fiction. These men really exist. They live together in houses known as Projects. And Neil Strauss, the bestselling author and journalist, spent two years living among them, using the pseudonym Style to protect his real-life identity. The result is one of the most explosive and controversial books of the last decade—guaranteed to change the lives of men and transform the way women understand the opposite sex forever. On his journey from AFC (average frustrated chump) to PUA (pick-up artist) to PUG (pick-up guru), Strauss not only shares scores of original seduction techniques but also has unforgettable encounters with the likes of Tom Cruise, Britney Spears, Paris Hilton, Heidi Fleiss, and Courtney Love. And then things really start to get strange—and passions lead to betrayals lead to violence. The Game is the story of one man's transformation from frog to prince to prisoner in the most unforgettable book of this generation.

Regardless of whether you're into pickup or not ("PUA"), this is an engaging, come-from-behind hero tale-- told autobiographically. Mr. Forrest's humanity comes through in a very self-effacing way, as he struggles with the ups-and-downs of learning "game" later in his life. His maturity and self-doubt on the subject stand in sharp relief to the swagger of many PUAs whose youth and brashness consume most of the oxygen on this subject. It's a bit interesting that Mr. Forrest espoused filmmaking interests in this book because it actually has all of the essential storytelling elements of the classic "Hero's Journey" outlined by Joseph Campbell/Christopher Vogler (would make an interesting movie, imo). One of the inherent dangers of books on this subject of seducing women is that a thorough read potentially lulls its male followers into becoming bloviating keyboard theorists, not men of action, as notions delude us into thinking that knowledge somehow supplants or equates to experience. The reason that I strongly gravitate to the work of authors/YT'ers like Alex Forrest (and his impish, gamesome compadre Tom Torero) is that they have a way of inspiring me to confront my fears and approach women in my daily life. And for those gents in their 40's or maybe more, with natural fears about aging

If you want to play the Game, you've got to know the Rules. In his international bestseller *The Game*, Neil Strauss delved into the secret world of pick-up artists—men who have created a science out of the art of seduction. Not only did he reveal the techniques that they had developed, but he became a master of *The Game*, and the world's No. 1 PUA, as *Style*. Now, in this bestselling companion, Strauss reduces three books of life-changing knowledge into a single-volume set. The first book, *The Stylelife Challenge*, breaks down the knowledge he learned and techniques he invented into simple step-by-step instructions that anyone can follow to meet and land the women of their dreams. In the second book, Strauss takes readers into the dark side of *The Game*. *The Style Diaries* offers a series of tales of seduction and sexual (mis)adventure. From accidentally getting married during a drunken night in Reykjavik, to luring a famous musician's granddaughter into a threesome; to the stress and frustration of the torturous and highly unorthodox "30 Day Sex Experiment," *The Style Diaries* takes you further into the seduction underworld than ever before. Finally, in the all-new, updated third volume, Strauss collects the greatest, most powerful, field-tested, word-for-word routines. You don't need money, looks, or fame to succeed with women. All you need is an understanding of how attraction works—and this thirty-day workout program for your social skills, which has already guided countless men from frustration to fulfillment.
