Midnight The Legend of Moondyne Joe This is the story of the greatest escape artist of Australia's convict era - the legend of Moondyne Joe. "They'll not take my freedom away!" These are the words of Moondyne Joe, the beloved scoundrel and expert bushman of early Australian convict history. There wasn't a cell built that could contain him, and Joe often led the troopers on wild chases through the Moondyne Hills. This is the story of a colourful Australian legend from the award-winning team of Mark Greenwood and Frané

Lessac. The Legend of Moondyne Joe Before European settlement, about 700 Aboriginal nations—each of which had their own Dreaming songs, laws, customs and beliefs and spoke one of 250 or so languages—existed in Australia. First Australians is a comprehensive book for primary school children about Aboriginal life and customs. Find out how they lived, what they ate and how they adapted to life after British colonisation in 1788. The book also explains recent milestones such as the Australian Government's apology and reconciliation policies. First Australians includes an index, glossary and a quiz. The Story of a Wild Colonial Boy Holiday House

The incredible true story of one of the most extraordinary and inspirational prison breaks in Australian history. New

York, 1874. Members of the Clan-na-Gael - agitators for Irish freedom from the English yoke - hatch a daring plan to free six Irish political prisoners from the most remote prison in the British Empire, Fremantle Prison in Western Australia. Under the guise of a whale hunt, Captain Anthony sets sail on the Catalpa to rescue the men from the stone walls of this hell on Earth known to the inmates as a 'living tomb'. What follows is one of history's most stirring sagas that splices Irish, American, British and Australian history together in its climactic moment. For Ireland, who had suffered English occupation for 700 years, a successful escape was an inspirational call to arms. For America, it was a chance to slap back at Britain for their support of the South in the Civil War; for England, a humiliation. And for a young Australia, still not sure if it was Great Britain in the South Seas or worthy of being an independent country in its own right, it was proof that Great Britain was not unbeatable. Told with FitzSimons' trademark combination of arresting history and storytelling verve, *The Catalpa Rescue* is a tale of courage and cunning, the fight for independence

and the triumph of good men, against all odds.

The Legend of Moondyne Joe Candlewick Press

The early settlers at the Swan River determined they would remain a free settlement, but after twenty years of unremitting struggle, as their economic

circumstances became perilous, they were forced to petition the British Government for convicts and the much needed labour their presence would bring. Between 1850 and 1868, close to 10,000 male convict arrived in Western Australia from Britain. Far from being the detrimental influence many predicted, the 'lags', the detritus from the iniquities of the English legal and penal systems, injected new life into an stagnant economy. Despite a high percentage of original serious criminality among them, the vastly different environment in this most isolated of British settlements had a positive influence on these refugees from the cruel prisons and hulks of the Home country. The convict system in W.A. proved to be forward and benign by comparison with the systems of earlier decades in New South Wales and Tasmania. In consequence, many of the convicts who were landed at Fremantle subsequently became valuable citizens, helping to lay the foundations of early, modern Western Australia.
