City of the Mother Goddess Reaktion Books

Revision of papers presented at a conference on the Mother Goddess at Carleton University in November 1987 with the help of Social Sciences and Humanities Research Council of Canada and the Department of Religion, Carleton University.

The Unknown Mother The GoddessMyths of the Great Mother Eternal salutations to Sri Durga, to Sri Kali, the boundless ocean of spiritual Wisdom who is the Divine Mother of the Universe. This ever-present Goddess epitomizes both the bliss of unlimited Awareness and the enthralling play of universal projection. She manifests countless beings abiding in an infinite set of worlds, seen and unseen, gross and subtle, hidden and exposed. Her existence is confirmed by the holy scriptures, for She is perceived intellectually by means of the Six

Darshanas, Her perpetually flowing streams of eternal spiritual knowledge. She is approached and contacted by the devotees through intense sadhana, spiritual disciplines prescribed by the guru, and She is accessible through contemplation and meditation. Ultimately, She is realized as the essence of limitless Consciousness, infinite, indivisible, all-pervading and absolute... The Twenty-Four Aspects of Mother Kali, then, represent in book form an attempt to remind humanity of their divine parentage, of their divine nature, of their source of origin. It is hoped that those who are still asleep to this supreme verity called the Divine Mother of the Universe will have their inherent spirituality awakened; that those who have fallen into complacency or despondency will have their commitment to this non-dual Truth of existence rekindled; that those who are already abiding in this Truth will further exult in this sublime Essence of pure Being and continue to spread the pure light of Timeless Awareness to all inhabitants sporting consciously or unconsciously in the boundless ocean of the Universal Mother's ineffable Grace.

A Jungian Implication Manohar Publishers and Distributors

For as long as we have sought god, we have found the goddess. Ruling over the imaginations of humankind's earliest agricultural civilizations, she played a critical spiritual role as a keeper of nature's fertile powers and an assurance of the next sustaining harvest. In *The Goddess*, David Leeming and Christopher Fee take us all the way back into prehistory, tracing the goddess across vast spans of time to tell the epic story of the transformation of belief and what it says about who we are. Leeming and Fee use the goddess to gaze into the

lives and souls of the people who worshipped her. They chart the development of traditional Western gender roles through an understanding of the transformation of concepts of the Goddess from her earliest roots in India and Iran to her more familiar faces in Ireland and Iceland. They examine the subordination of the goddess to the god as human civilizations became mobile and began to look upon masculine deities for assurances of survival in movement and battle. And they show how, despite this history, the goddess has remained alive in our spiritual imaginations, in figures such as the Christian Virgin Mother and, in contemporary times, the new-age resurrection of figures such as Gaia. The Goddess explores this central aspect of ancient spiritual thought as a window into human history and the deepest roots of our beliefs.

"A new novel from the author of *Oleander Girl*, a novel in stories, built around crucial moments in the lives of 3 generations of women in an

Indian/Indian-American Family"--

The Korana of Mother Goddess

Almine

Hand block-printed on textile, this limited-edition artists' book consists of a sequence of folding panels, designed to invoke pre-modern - particularly Asian - traditions of bookmaking. At the same time, the panels recall and recreate a Mata-Ni-Pachedi - the ritual 'Cloth of the Mother Goddess' - and tell the story of its origins. The textile book is accompanied by a film on the artist and his art tradition. The tactility of the book, invoking the labour and craft that have gone into its creation, is offset by the digital documentary which brings in context and history; together, the juxtaposition of the two approaches expands the frontiers of the book form, while deepening the viewer's enjoyment and understanding of the art tradition. The images featured in the book have been painted by Jagdish Chitara, who belongs to the Waghari community of artisans from Gujarat in western India. Poor and marginalised, they paint and block-print votive textiles for other so-called outcaste communities, equally disenfranchised in the Hindu caste hierarchy. Worshippers who are barred from entering temples offer a painted image of their particular guardian goddess to herself, in the form of a textile shrine. This poignant tradition, deemed low, in fact, expresses a sublime conception of the power of art: gifting a piece of creation to the creator is considered the highest form of worship. This is a notion of transcendence that appears to stretch across cultures and times.

The Cloth of the Mother Goddess South Asia Books

"12 lessons to restore the image, the character, & the responsibility of the

goddess blackwoman"--Cover.

The Mother of the Gods, Athens, and the Tyranny of Asia Temple Lodge Publishing
MAIDEN, MOTHER, CRONE presents the Trinity as ancient symbols of the Goddess, predating Christianity by thousands of years. The book explores longstanding myths and symbols, illuminating ancient, universal human challenges that still exist today. Together with in-depth explanations of goddess archetypes and their relevance to 20th century living, this book will lead you to a state of conscious awareness that can change your life.

Mother Goddess and Other Goddesses Farrar, Straus and Giroux

Oh Terrifying Mother is an anthropological exploration of a South Indian ritual in which male actors become possessed by the fierce goddess Bhagvati as a divine offering. By providing an on-the-ground look at the many meanings of Kali to those who worship her, this book fills an important niche in the burgeoning literature on Hindu goddesses.

Symbols of Mother Goddess and Fertility, I-II-III Delhi [India] : Ajanta Publications

This beautiful book takes us to India today and shows us a Goddess who flourishes in temples, festivals, and in the hearts of millions. Johnsen penetrates the heart of the tradition to reveal that it offers not only an honouring of fertility and feminine values, but an amazing revelation of the limitless potentials of human consciousness.

How I Discovered My Mother Was a Goddess AuthorHouse

The White Goddess is perhaps the finest of Robert Graves's works on the psychological and mythological sources of poetry. In this tapestry of poetic and religious scholarship, Graves explores the stories behind the earliest of European deities—the White Goddess of Birth, Love, and Death—who was worshipped under countless titles. He also uncovers the obscure and mysterious power of "pure poetry" and its peculiar and mythic language.

[The Cult of the Mother Goddess in Early Anatolia](#) Simon and Schuster

Making the case for a new kind of visual history, *The Goddess and the Nation*

charts the pictorial life and career of Bharat Mata, "Mother India," the Indian nation imagined as mother/goddess, embodiment of national territory, and unifying symbol for the country's diverse communities. Soon after Mother India's emergence in the late nineteenth century, artists, both famous and amateur, began to picture her in various media, incorporating the map of India into her visual persona. The images they produced enabled patriotic men and women in a heterogeneous population to collectively visualize India, affectively identify with it, and even become willing to surrender their lives for it. Filled with illustrations, including 100 in color, *The Goddess and the Nation* draws on visual studies, gender studies, and the history of cartography to offer a rigorous analysis of Mother India's appearance in painting, print, poster art, and pictures from the late nineteenth century to the present. By exploring the mutual entanglement of the scientifically mapped image of India and a (Hindu) mother/goddess, Sumathi Ramaswamy reveals Mother India as a figure who relies on the British colonial mapped image of her dominion to distinguish her from the other goddesses of India, and to guarantee her novel status as embodiment, sign, and symbol of national territory. Providing an exemplary critique of ideologies of gender and the science of cartography, Ramaswamy demonstrates that images do not merely reflect history; they actively make it. In *The Goddess and the Nation*, she teaches us about pictorial ways of learning the form of the nation, of how to live with it—and ultimately to die for it.

Among maternal deities of the Greek

pantheon, the Mother of the Gods was a paradox. She is variously described as a devoted mother, a chaste wife, an impassioned lover, and a virgin daughter; she is said to be both foreign and familiar to the Greeks. In this erudite and absorbing study, Mark Munn examines how the cult of Mother of the Gods came from Phrygia and Lydia, where she was the mother of tyrants, to Athens, where she protected the laws of the Athenian democracy. Analyzing the divergence of Greek and Asiatic culture at the beginning of the classical era, Munn describes how Kybebe, the Lydian goddess who signified fertility and sovereignty, assumed a different aspect to the Greeks when Lydia became part of the Persian empire. Conflict and resolution were played out symbolically, he shows, and the goddess of Lydian tyranny was eventually accepted by the Athenians as the Mother of the Gods, and as a symbol of their own sovereignty. This book elegantly illustrates how ancient divinities were not static types, but rather expressions of cultural systems that responded to historical change. Presenting a new perspective on the context in which the

Homeric and Hesiodic epics were composed, Munn traces the transformation of the Asiatic deity who was the goddess of Sacred Marriage among the Assyrians and Babylonians, equivalent to Ishtar. Among the Lydians, she was the bride to tyrants and the mother of tyrants. To the Greeks, she was Aphrodite. An original and compelling consideration of the relations between the Greeks and the dominant powers of western Asia, *The Mother of the Gods, Athens, and the Tyranny of Asia* is the first thorough examination of the way that religious cult practice and thought influenced political activities during and after the sixth and fifth centuries B.C.
